"Red" Doran said today that nearly \$60 youngsters took this the tournaments. So successful was the idea that the resisten Commission has decided to make it an annual it. A handsome trophy will be secured and a minia-p given to the winner.

The tourneys were open to all youngsters in all the ele-nary schools and competition was exceptionally keen. A supplete set of rules and regulations was drawn up by the re-tained director and forwarded to each school. The young-rs "played the game" according to the rules and the result a fine competitive spirit.

So the big day is Saturday at 1.38 p.m., when the respective champlens meet fee the city title. Interest and enthustaem insilink and no doubt a let of proud parents will take in the event not to mention the followers and supporters of the various school title-holders,

Long recognized as a great Estate builder. Life Insurance also plays an important tole in protecting other assets of an Estate.

Succession Duties and Income Taxes, priority obligations of an Estate, must be provided for in eash before there can be any distribution to heirs. When funds are not readily available, it may be necessary to raise money by the sale of assets in an unfavourable market, at considerable șaerifice.

One way to avoid the danger of such a loss is to arrange now for Life Insurance to cover the expenses to which the Estate will later be subject. Why not talk over, with one of our experien Officers, plans for the protection of your Estate?

Canham, U.S. Editor, To Speak on CBC

They sealed His tomb and set a watch, In Joseph's garden by the nave, Lest Jesus should His word make good And rise victorious from the grave.

His enemies remembered thus, The words He spake of bursting tomb, And feared if it should come to pass, Their hopes, desires, would meet with doom.

Not so His friends: they soon forgot And haste to set their sails full taut, Feeling the years had wasted been, In which they'd followed Him for naught.

I go a fishing Peter said And straightway to his nets repaired, While others joined his company, Because his fears they also shared.

But Jesus burst the Roman seal. No human guard could His power stay. And stood again amidst His friends As proof that Him they could not siay.

And still men seal the Risen Christ, In tombs of Hate, and Greed, and Shame. And still He bursts the bands of Death, He reappears to make His claim.

No tomb can hold Him, Lord and King, He rules the world; His world not ours. And we must give that world to Him, Or dark may be the future hours.

Or dark may be
O Christ of Easter, come we pray,
And enter our fear ridden earth.
Grant to us joy, and peace, and hope,
Gree to us Lord, the soul's Re-Birth.

EASTER SEAL

The Church, the dove, the Easter Illies — all symbols or terms Peace — are ours this new-dawning Easter. Our hopes and prayers have been answered once again. We become humbler before our Lord and worship Him by our devotion and reverence this anniversary of Christ's resurrection into Heaven.

Renew your spirit and your hope by sharing in the celebration of

Triumphant Chicago Ready For 'Kill' After Three-Game Winning Streak

Topping was sitting with Secretary Dick Beare, of the Belleville Hockey Association in the Dixle Arena, watching the new-defunct Flashers battle with the Belleville Black Hawks.

"We have," remarked Richard in eche, "quite a ciul

"I think it is a better club than you had last year,"

"I think E is a better balanced club than that of a year , "The Dukes are away below the calibre of the team that eliminated your fellows last season," slyly remarked the "Twn."

He apparently had a toothache for there was a suspicious illing in his sheek. Mebbe it was tobacco.

"You should best us this year," he went on, the "end re-maining unchanged. "We lost three or four of our best play-ers to the junior "A" Meriboros, and that makes us fair game for the Jiswar."

Dick nearly choked on his gam. "I feel serry for yea," he neuronred. "That bench of weaklings yes have stay-gered through the Big Bix nebeduel, and then knocked eff the Brampton Regents which could easily be mistaken for the Hamilton Titers football aquad when it comes to size." There was what hooked to be a terr in the Toy's optica.

"We'll do the best we can to give you a good series," he narred. "The only place we are better is in goal."

Arena attendants revived Richard a few minutes later. The sat in his seat. The swelling in his face had disappeared.

While it must be admitted the Dukes are not as powerful as the Reid, Henry, Stoyas, Albini crew that clinated the Bawks in four sitestift james last year, devil get the Stee the years Leafs will be a pushwer. As Beste remarked any feam that can know of it the Renymon squad, raided all seasons as the group champless, have something on the pack. It should be a heavy of a series.

Tonight the Hawks and Dukes clash in their inaugural attle of the best-of-seven series, and it is expected a large rowd of the faithful will be on hand to cheer the Hawks to

Remain Halelead will not be in uniform due to a slight shoulder separation. The Blowks, who went threads a stiff practice print Thready eventure, had young below Hall, of Patest Anne, set and the presented of young below Hall, of Patest Anne, set and the presented of your property of the state of the property of the present time who will fill the veneary cannel by Halelead's inhery. The rest of the squad are in good shape and ready for ionight's lam-pertual fray.

Time, tradition and many additions to the base of the or-il bowl have made the old mug almost priceless, and today bettered, tarnished, old token is one of the most prized via in hockey.

The old cop has resied on many a strange maniel and shell. It has covered plenty of miles since it was first pet inle competition in 133-14. From coast to constrain space many times and on citch different occasion it was but by United States (same. The Sealitie Meteopathum were the first American onto in capture the owned, taking the trophy to be UNA in 141-11.

The Stanley pewierware has been the main pro prize since 11-12 when the trustees of the tropby did not know what do with it.st when same reconcentrating on the Alian up and did not show any concern over Lord Stanley's bau-h. After considerable debate the trustees finally yielded it.

It is now limited to teams in the National Hockey Leas though formerly teams from coast to coast challenged and it was generally the incentive for inter-teams till the NHL gained a menopely on the hockey mark.

The Pacific Coast League, Western Canada League and National Hockey League formerly played intersectional ses for the trophy and the title of world champions.

The old mur was the subject of an amalour-yee con-traversy before the turn of the century when well-paid players were pooling as analeurs, just as they are today and will do so as long as there are ticket wickets at hecker arenas which will probably be forever.

POLITICIAN WITHOUT A PLATFORM

It is some time since the thinking people of this country have been subjected to very much of the value double-have been subjected to very much of the value double-have had nothing new to say, and believes elections the government in Ottawa has taken so much wind out of their walfare sailty that the old familiar strains about utopian socialism have lost their appeal.

Their is in osignate, therefore, in the statement of

Thire is no simptes, therefore, in the statement of B. B. Joilithe before a C.P.; gathering in Toronto that there must be a shift in party policy "away from wellars problems." I didn't require a very large meeting of the party brain trust to figure that out. If has been evident for some time that welfare problems are no longer as the unit of the party brain trust to figure that out. If has been evident for some time that welfare problems are no longer as use in Canadian politics. There is nothing that the C.P. has offered to do for the Canadian citizen that any other political party has not done or is not prepared to do. The latter difference. As the noticelity for any now beginning to the problems of the contract of the con ponicial party has not done or is not prepared to do, the only difference, as the socialists are now beginning to real-ise, is that the maximum measure of social security is quife possible without abandoning the machinery of expitalism and replacing the progressive order of things by state regi-

In the light of this, Mr. Joillife's dilerons in preparing by the difference on party policy is quite understandable. The property of the property of the property of the present of the great utopian, crussed could no longer be carried of the great utopian, crussed could no longer be carried the property of the present party of the party

CHIPS OFF THE SPORTS BLOCK

By GEO. H. CARVER, Sports Editor

The rhubarb was tall, green and growing in the garden of Trent Valley Heckey League over the week-end. The s clamped their teeth on a good, old-fashloned protest and y tell us the verbigge was hot and flery in spots.

It all started has Thursday right, when Faria, Well-ten gealfe, lewhs the rules in the look of words by woring his site, all Deep Free, Campbellierie playing sch, the lad was runking in alone in an effort is ret by Wellington Faria board. The Parist shoother era was in on the target and he hit the pack auxiliarity, deficed-it to safer channels.

Berisany it is a good thing for all concerned that the native was straightened set as no team or management rants to win a "manufilet-new" champlemble. It was no of those unfortunate incidents that crep up not toe requestity in heckey, but often ensuch. They create hard believe and do not do the same, the players or the clubs

H snight not be a had blea if the senior "B" conches of district came to some arrangement with Johnny Car-ris, menter of the Kingston Goodynars, to share when F Funce-de-Lean potten he is feeding his berry of young-

For since the Hon. John took over matters his charges have a frisking over the fee-lanes of the district with all the adds of the traditional spring lambs, and the farther they the merrier the gamboling.

The veterans of the aquad, especially Kenny Partis, Ted Nichelson and others showed no signs of the "Rockle' Chair" blues against the highly tosted Tweetle Lyndkurdu here last night, and thely aging hoose reacted to the terrific body checks of the fee with no apparent damage being done.

It was a terrific battle with both sides "laying it on" and crowd of 1400 reveiling in the heavy golag. The Goodler the long-distance style of play of the Toronto crew with says both-way checking and short passing offensives — and paid off. The Goodles were well worth the victory and der the guidance of Carr-Barris may plant the trist senior "championalip to Roddernille in marly a pisous."

Componency to Assert the Taylor a game form at the summar, and their speech price illusion and hard-checking deficious any yet come through with vicefacts declared to the summar of the summar of the summar of ward to with the series and title examin affect in the sum of concess on the irrition collies of sheeker pick part subjects in the insit true games with the Lyndles. For methibat the Townster care are opening and the summar of the pick gade at the slightest sign of happing on the part of the feet. Should be quite a housed now the part of the feet.

GIBIE TO LOSE! The bind is a tearlie but sight. The pinior "P Minit Hawks leaf a tearlie but sight. The pinior "P Minit Hawks leaf a tearlie minit, the pants, according to observers on the spot, was a read case. The little has been been a self-derivate performing the self-derivate self-der

The Hawks put up a much better showing against their powerful rivals than they did in the first game here and they are sighly confident they can "take the dude" here knownow night rhen the teams clash in the third game of the series. They are on accustomed to the Dukker 'give or give, as was evidenced ust night and Wednesday's joust will turn the tide if the Rawks are surthing to any about it.

NO DICE...

With a deft and courteous bow in the direction of Mary ore, our Woman's Page culinary expert, we take oc-tion to register an objection against a treatment of vege-

tables which has become commonly described as "diced."
Everyone today knows, of course, what diced vegetables
are but our guess is that there is a time in the memory of

are out our guess it mast mire is a fuller in limitability of almost everyone old enough to vote when this business of dicing vegetables was unknown in any good family kitchen. There is a long period of kitchen history in which auch simple implements as a good paring knife, a butcher knife, a potato masher and a few serving forks and spoons served a potato manner and a rew serving ioras anis spooms served all the needs of preparing a meal. Then came the era of kitchen gédgets and among the many new-fangled con-traptions which are apparently here to stay is the dicer. To make the situation immentably worse is the fact that canning factories have made dicing machinery standard

Our complaint is that there, are some vergetables that should never be submitted to this preparation which is breathern to the preparation which is preparation to the name of culturary art. Aurono who was brought up to know the exquisite delight to the palate in manade turnings with sait, pepper and butter to the taste, will understand what we mean. Yet there are people and causing companies who will explain afform to be charged against the dicing enthusiasts but the same treatment of carrols and bests is almost as deplorable. It seems to us that all this nonsense has come about since people became so conscious of calorie counts and vitamina. As long as proportion we are to be grateful.

Perhaps we should be grateful.

proportion we are to be grateful.

Perhaps we should be grateful that someone hasn't slow thought of dicing radishes, but there is some consolation in the knowledge that occasionally it is still possible to find a wholly satisfying meal prepared with the turnips and the still proposed to the still possible to the still proposed to the still proposed

ANYONE CAN BE WRONG

There are times when those of us who are given to work with words become quite humble. There are times when these tools with which we work can give out of hand. Is/he) kidding?

No, nobody ever asks us to insure only one end of the house against fire, windstorm,

But, in effect, many people DO carry insurance on only a fraction of their property.

We mean, they carry only a percentage — perhaps 40% or 50% or 60% oof as much in-surance as they should.

They insured their property when property was worth much less. Insurance should be carried not on original cost, but on present replacement costs, less depreciation. (This depreciation is normally very little for well maintained property.)

THE TYBANNY OF WORDS

THE TREANN OF WORDS

Members of the Kiwania Gub in Belleville were warned inla week about the use of words. The speaker was Anthroy Cobota, a former Ceachodorwidan newspaperman, and he drew the attention of the Kiwanias to the influence of the state of the company of words although not expressing it in just this way. He can be a company of words although not expressing it in just this way. He said to the Kiwaniasa "Words are flooding our ing down on our minds with nuch force as to thape us into mething storage different from our grandalfishers." He was to the company of words although not expressing the information of the company of words although not expressing with nuclear the company of words although not expressing with much force as to thape us into smelting storage different from our grandalfishers." He was to discover what made business executives successful. It revealed that those men's were often inferior in most subsequent of the company of t

Then one day, when I was cashing my paycheque at the bank, I happened to get into conversation with the Accountant — chap called Henry Baldwin who goes to our church . . . and before I knew it I was pouring out my troubles.

He asked me a few questions about my job, my salary...

Pretty scom—to my surptise — Baldwin came up with what seemed like a solution to my immediate problem —how to meet my pressing bills. Something I'd never thought of —my 15-year old insurance policy had quite a good cash surrender value, which Baldwin said was first-class security for a per-

Belleville is one of the better television towns in Cam-ada. One has only to drive about the community to see towering testimony to this etatement. Such areas as Tercento, Hamilton, the Nigara Penihantia and western Calario are good television areas and had been established. These facis impress us when see see in the Edilibruph Scoteman that television is still not popular in Scotland and it is predicted by a writer in that paper that "ete-vision will not take Scotland by storm." We read this in the light of the knowledge that firstials was in advance to the scotland by the scotland by the scotland by Scotlan sands of television receiving sets in and around Lor

The advent of war of course interfered very seriously The advent or war of course meretred very sensoring with the BBC's ploneering work and for a number of years all its efforts were suspended. In the post war years, however, there was a demand throughout the United Kingdom for television and special transmission services were supplied for all sections of the islands. But as the Scotsman plied for all sections of the islands. But as the Scotsman points out the "infiltration" in Scotland particularly has been at a year along none.

But, in effect, many people DO carry insurance on only a fraction of their property.

We mean, they carry only a percentage — perhaps 40% or 50% or 60%—of as much insurance as they should.

They insured their property when property was worth much less. Insurance should be carried not on original cost, but on present replacement costs. less depreciation. (This depreciation is normally very little for well maintained property.)

ONTARIO INTELLIGENCER OFF THE RECORD

A grim suspicion which has been forming in the minds of many motorists has just been confirmed by an experiment in Britain.

minds of many motorists has just-been confirmed by an experiment in Britain. In Royal Automobile Club deservation of the Britain of the Royal Automobile Club departed in the horse and automobile age. Piccadily was chosen for the test. Old records showed that in 1905, at the busiest hour of the day, a two-horse brougham could-travel from Hyde Park Corner to Piccadilly Circus at an average speed of 14.5 miles per hour. Watchers for the case of the same distance, under today's traffic conditions. The average speed proved to be 6.2 miles per hour.

Such a test, to our knowledge, has never been made on Front Sirect, but we suspect the results would be much the same, at least around 5 p.m. The steer multiplication of the automobile has cancelled most of the distance of the continuous control of the first place.

Old-timers are cor "not the horse will come back some day. Maybe they will be proved right even "ti

R is a good more on the part of Pracy Grandame and his associates as there are a number of baseball-minded youngers who are too old for juveralle activities and who are not extended for the senior category. There is no reason that are can conjure why these youngers should not play baseball and the organization of a junior team would be the answer.

All youngsiers who deare to take part in junier scitri-ties and have the necessary qualifications, etc., are asked to get in touch with Bryson Reid at 2323, or see him person-aity, or Al Edicher.

The Red Wing bachelor ranks are due to lose a long-standing member—Gordle Howe.

Shortly after the close of the playoffs Howe planned to take on a Mrs. She is Colleen Joffs, a petite 20-year-old blonde artists' model whose home is in Detroit.

The surprise announcement broke just before the fifth name of the Detroil-Boston playoffs. They met two years ago, and been engaged about two months, but planned to keep the eway secret until the playoffs were over. But a newman carned of it, and the news was out.

They have bought the ring and the Calvary Presbyterian such in Detroit has been alerted to expect them soon.

The pair met at a bowling alley where the Detroit players en go. Colleen hadn't been two hockey games before in

There are more good reasons for insulating with "PAL-O-PAE"

-High coverage (bag covers about 20 square feet, about 4" thick). about 4" thick),
—Easy to install (non-irritent),
—Light in weight (hag weighs about 15 lbs.)
—Will not readily settle.

Just what do you people do?

Not long ago a member of our firm was rather surprised when a business acquaintance said to him: "I know you are in the financial business but, tell me, just what do you people do?." That set us to thinking that perhaps many of our friends and ereo our good clients might like to ask a similar question. Well ... it is something that can't be unswered in a single entencer. Dere are many sidest our business. For example ...

This means that we purchase new issues of securities from Governments or well-managed business corporations, pro-riding them immediately with the funds they require. In our undeparitings, we are often called upon to act in an advisecy capacity and to assist in the creation of the securities we ultimately buy.

We are distributors . . :

This means that, having due regard to the individual needs of our clients, we place with them the securities we have underwritten.

We buy and sell the securities 2-4. mainly bonds and debentures... of issues already outstanding. This assists in maintaining ready markets for outstanding issues.

A. F. Ames & Co. are members of the Toronto and Montreal Stock Exchanges. As brokers, we execute buying and selling orders for listed stocks on a brokerage basis.

Many of our clients lean on us for investment advice. For them we provide regular investment checks, valuations and advisory service.

Our head office is in Toronto, where Mr. Ames started this husiness in 1889. There are now 16 Ames offices in Canada, the United States and London, England, staffed by several hundred people.

All this adds up to a pretty comprehensive investment services
... a service which is available to you. We are experienced in
our business and believe you will find us the type of people
you like to do business with.

SATISFACTION MONEY BACK BATEMAN'S

In 1944 we said:

T WAS during the dark days of the last war that we wrote T WAS during the dark days of the character today, say that those words. Can anyone looking at Canada today, say that our confidence in the destiny of this country was misplaced?

Canada's Amazing Growth

The expansion in every phase of our national life since that advertisement appeared is a matter of record. The gross national product (the total value of all the goods and services Canada produces in a year) has risen from approximately \$12 billion in 1944 to \$23 billion in 1952 while the annual value of our manufactured goods alone has doubled during the same period.

From 12,000,000 in 1944, our population has increased by over two and a half million-which is like saying that more than three-quarters of the population of Norway, or more than one and a quarter times the population of New Zealand has been added during those years.

Despite the fact that Canada still has approximately only onehalf of one percent of the world's population, she ranks third among the trading nations. Of the ten leading trading nations, on a per capita basis, she is first.

It is estimated that by 1960 our population will have reached sixteen and three quarter million and by that year some economists believe the total value of our goods and services will have passed the \$30 billion mark.

Electricity Plays a Vital Part

Since 1940 Canada's output of electric power has more than doubled. This extensive development of our power resources undoubtedly accounts, in part, for this country's rapid expansion. It is significant, for example, that we use about three times as much electric energy as the thirteen countries of South America combined, although we have only about one-eighth of their population.

Working Hand-in-Hand with Industry

We of Canadian General Electric are proud of the part this Company has always played and is still playing in Canada's remarkable development. Our great family of workers has increased from 8,500 in 1944, when the above advertisement appeared, to over 14,000 today. And since that time we have spent some 45 million dollars on new plants, new offices and warehouses-as well as on new equipment and extensions to existing plants.

Because it believes that "the best is yet to be" where Canada is concerned, this Company is even now stepping up the expansion of its manufacturing and distributing facilities to meet the increasing demand for its products resulting from

Canada's phenomenal development. And so today, we again say confidently: THINK BIG . . . when you plan for Canada's future.

IMPORTED ...So what

> Side by side on the merchants' shelves-Canadian materials and "imported" goods. Do you get any advantage when you go for

"imported" products? In textiles, at least, the answer is simple, Canadian mills turn out fabrics and yarns that match or better the production of any other textile country of the world in quality.

They are made by Canadians who are paid good Canadian wages; they are designed to please Canadian tastes, meet Canadian needs.

This is no plea to shun "imported" materials. They should be considered along with domestic products by every Canadian consumer, but on a strict what-do-I-get-for-my-dollar basis.

Ask for Canadian textiles if you want the best for your money.

The purchase tax covering a wide range of articles will be cut by about 25 per cent.

The excess-profits levy will end as of Jan. 1, 1954. The tax was imposed last year to skim off 20 per cent of everything over a stand-ard recknoed on the previous three years' earnings.

AN OLD POLAR MYSTERY

Fletcher's Ice Island, the drifting Air Force base at the very top of the world, may well have been Admiral Peary's mythical Crocker Land, never sighted again after the man who first reached the North Pole "discovered"

it in 1906. Fletcher's Island and others like it, furthermore, could Frietcher's Island and others like it, Turtnermore, count have been responsible for Keenan Land, President's Land, and other non-existent places set down on maps of the tretle by early explorers who were competent and reli-ble; but nevertheless mistaken.

ble; but nevertheless mistaken.
This important geographical conclusion is contained
an article by Lt. Col. Joseph O. Fietcher of the United
tates Air Force, for whom Fietcher's Island was named,
in the current issue of the National Geographic Maga-

"No discredit reflects upon the brave and experienced retic explorers of another day," writes Colonel Fletcher.
"Men of the Air Force can testify that ice islands:
closely resemble land, particularly when the viewer is walk-

Closely resemble land, particularly when the viewer is wanting around on one on a summer day."

Even radar was fooled by these 150-to-200-foot thick masses of fresh-water lee rising distinctly above the surrounding salt ice of the 'Arctic pack. In fact, the first known ice island, one very much like Fitcher's, was reported as new land by the airborne radar operator who

found is.

Shock Absorber

THE surest way to absorb the shock of unexpected bills and expenses is to have ready cash—"Money in the Bank." And, young or old, married or single, the only sure way to have cash for the things you want and need is to save money -regularly.

You'll be pleasantly surprised how fast your savings grow when you set aside a definite sum each pay day. We suggest you start building your shock absorber by opening a Savings Account at the nearest branch of The Bank of Nova Scotia. Develop the savings habit.

There's no shock absorber like "Money in the Bank."

TEAK OR FISHT

Within the next couple of weeks, club-rooms, halls, community centres and other spots where people gather, will echo to the ratile of sliverware, and the less metallic cacembony of tensils.

For it is the season of the Knife and Fork League with chasis on bowling organizations, both ladies and gentle-

This department exmot give forth with any inside in-formation regarding the get-togethers of the fair keriers, for they are definitely "No Manh Land" but from excepti-of post-bauquet whippers, we gather the gals have just as much fun and reminisce as iftentity as do their male com-terparts. And the stories are just as good, we're told.

These post-season banquets are as part and parcel of bowling organizations as are the maples. They climax a season of healthy, wholesome recreation where friendly rivalry, keen competition and good camaraderic reign, and new friends and no enemies are made.

and new friends and no censiles are made.

For several seasons now we have rait in on these informal II sensewhat gusty conclaves where the foundation four this hooses and survived, distribution is a full simused, for the finest dinners we have enlayed, coulded on the family contained, of course, have been a considerable of the family contained, or course, have been and the best of food possible. Shall they to sough on the waitstline. (The dinners not the howevers).

There is good-natured railliery. Across-the-table and across-the-ball hanter. The teams unably segregate themselves, not for rocal reasons, but when the prices are handed out they want to be together. Mebbe they don't trust the "skipper." Or there might be another reason. In any event, it is all good clean fun.

Ask new Chevrolet owners about the sub-Ask new Chevrolet owners about the sub-stantial dollars and cents savings they enjoy. Ask them how this great new car squeezes extra miles from every gallon of gas — and regular gas at that!

For it is true beyond any question. The new 1953 Chevrolet brings you the most important gain in gasoline economy in Chevrolet's 40-year history!

Of course, there is a good, sound reason for his wonderful increase in economy. That

reason is Chevrolet's new high-compression power. The new 115-h.p. "filue-Flame" engin in Powerglide" models is the in Powerglades models is the most power-ful engine in its field, with a compression ratio of 7.5 to 1. And there's a new "Thrift-King" engine in gearshift models — 108-h.p. with

Both engines bring you new economy, with a remarkable increase in power and perfor-mance, as well. Yet, with all its advantages, Chevrolet for 1953 is the lowest-priced line in its field. See it at your Chevrolet dealer's.

HIPS OFF THE SPORTS BLOCK

By GEO. H. CARVER, Sports Editor

The great los drams, "Hockey Escapades of 1933-53" and for the season here Tuesday night after a highly suc-

The "run" lasted a little over six months, starting in the second week of October, and playing almost continuously until this, the second week in April. And no one welcomes the respite, be it all so brief, as the hockey-glutted slaves of the type-

ritier and microphone. The short classed, with varying successes, financial and stherwise, to the varieus producer, Anachiak, we present, could be applied to summers of the varieus producers, and that, we present, could be applied to summers of the varieus casts. The Clein Eury "spers compact," someone made the analty variett that it had the prints domain, financier was are said on the richel time of the financial before, while the "black times" lateral management, we press from the attendance record over the sames, is bothing all figures decayly times with a dark shade of plate.

The "Lyndhurst Revue", an attraction brought here at its war request to play a two-part drama with the Kingston Good-scrap, left on the short idsel of the score above, but on the long of of the payroll. In fact, 'this said, the Lyndles management, and to hide part of the loot acquired here for fear more of the orga in their Toronto balliwick might be looking up the dails the next day to see which bank down thisway had been

Duncan tested the palates of the city clientele with an_in_al offering of the Memora Millionaires and the Campbelli off Greenahirts. It was a success with the result that he ought in as the grand flashe the Wellington Dukes, a stock may be a supplied to the property of the Greenahirts who had seried overnight popularity, openchigh the Campbelliford.

This top-billed act was a distinct hit. It played to crowd-houses for five nights and on its final appearance broke all-ndance records for its run.

The "Varieties" then should go on record as being the init gifteeties to leave the "Ellipsoftwas" with a purse that angle-hangis-linited. We assume that merely through the iterature records. We haven't the allakted idea of the set of preduction of any of these companies, and in Inflarest should be stated that a lot of the lost they carried home mor from the peckets of their own Inlittal.

And now, (with no commercial) Baseball!

According to the report published protectary regarding the proposed Border Leaves set-top, there scene to be a hilfs in the proceedings assessment. Ringsian, Walertown, Mills in the proceedings assessment. Ringsian, Walertown, the processor plans, but the Smith's Falls and Receivable characteristic processor plans, but the Smith's Falls and Receivable teams, who according to their own statements, are inter-cated in Johning the Joop, appear to be stalling, for some reason or soltar.

Representatives of these clubs have yet to appear at a scheduled meeting. Smith's Falls, it is stated, is too strong to enter a lesque comprised of small centres in the district, and there is no other loop available than the proposed Border League. Just why the procrastination on the part of both Brockville and the Falls seems to be a mystery.

And the formation of the league rests on the entry of these clubs or two others. For it was definitely stated at the meeting on Twesday that the Border League will not be comprised of three teams. After the fisse of the Cen-tral Ontario League last year it is no wooder that decision was arrived at

Carthage, N.Y., and the Pine Camp (U.S. Army) clubs with-drew their entries after a study of local conditions. It seems the Calthage club has grounds troubles and the Army team had to withdraw because of unexpected changes in personnel, a conon which would prevail all summer.

So it's a case of wait and see. But let's hope not for too long or that bookey speciacle will be with us again.

THE TERMS ARE STATED

Yesterday Fresident Eisenhower said exactly what was needed to be said to the men in the Kremlin. No less has been put into words and into print in many places since the new Russian regime began making conciliatory overtures to the western world but President Eisenhower has made it official, and in binnt, understandable terms.

sures to the western world put President Elsenhower has made it official, and in blunt, understandable terms.

How else could the about-face in Moscow with the advent of the Malenkow regime be met? - It is all very well for the new men in power in Moscow to studdenly change their attitudes toward all things at less to between Communium and the western world. But it is something else their attitudes toward all things at less the tween Communium and the western world. But it is something else question. Now has there been enough in the resumption of a reasonable attitude toward negotiations in Korea to justify acceptance of their professions in the name of contrast which is not a novel arrangement, we had been invested in the second process of the second results of the contrast of the contr

Canadiens Win Stanley Cup With 1-0 Overtime Victory Over Boston

CHIPS OFF THE SPORTS BLOCK

By GEO. H. CARVER, Sports Editor

And that includes President Otto Welchel, the pride of Id-mirs; Jack Christle, keeper of the records, and chief waker-up-per at off.sesson meetings; Herbert Parker, the Stratford Grand Vizier, head of the midnight partol, and Douglar Patterson, in-fant member of the executive from Sittling, who won his spurs with a grand effort this reason in the wilds of "Lower Canada."

For these gentlemen, nebly sided and abetted by hundreds of oscehes, managers and others in the province, have seen to it by their unseithst efforts that its 6855 years, getter had the opportunity during the season just finished to play their favortie winter outloor sport under well-handled supervision and outstanding administration.

The Ontario Minor Hockey Association, one of the out-ding organizations devoted to the interests of young puck-sers in the world, can take off its figurative cost, heave a b, and rest assured that it has completed another successful

By was only a few short years ago that three men sat development of the men of the short of the short of the playing yeath of the previous. If our menory is correct, one was massed president, another secretary and another treasurer. The vote was maninous.

The season started with six teams being interested. But t was enough for the time-being. The idea caught on and er minor-minded men railied to the embryonic organiza-

From that day the OMHA has mushroomed into an organization that fits into the sports picture of the province like your hand in an old glove.

The scope of the OMHA and the tremendous expansion of efforts is clearly evidenced in the records of the 1952-53

From the six teams mentioned before, the OMHA over the charm of a few brief seasons, had 350 teams entered in classi-fication playdowns this year. There were 112 juvenile, 133 midget and 105 bantum squads vieing for the different trophies

The teams playing in these classifications amounted to furenile, 169 midget, 238 bantam and, get this, 257 pec-e or under, a total of 737 and an overall total of 1887, very registered numbered \$668 and those light, 11825.

Fifteen champions were decided this season, and all re-ceived handsome traphics. And it should be noted that claven of these fifteen teams had never before won a minor title. Proof that the strength of minor hockey is well distributed

Only one team, the St. Catharines Bisons, juvenile "A" squad cated this year as champions.

And a tot of the mores of the OMIA is due to the fine type of men at the head of the organization. They come from all parts of the province, and if you will pareden the notation, even this sagant body gained a little more preside for the contract of the province, and if you will pareden the (Tweet) Carry, to preparent its interests in what is Joni-larly termed by those effects follows from the western part, "Lover Casadia."

But they came up with a fine display against the Goodles their own ice and Saturday night's game should be a thriller er the Woodles, who are slaying over, get in a few prac-licks and acclimatize themselves.

We mentioned some time ago that the Goodyears cannot af-ford to let up their terrific pace if they want to annex the title and last night's tilt definitely bears that statemen ou.

HIPS OFF THE SPORTS BLOCK

For those were the hell-roaring days when baseball was seball, and provincial championships and trophies were ought to Eastern Ontario teams.

Waiter Gerew, Jack Yanever and others could sit the hear and restaince of those days when rivalry between Napance and Ficton would make the Walcott-Marciano fe look like a lawn social,

Twenty years ago we were thumping a typewriter for the Picton Gazette, aiding and abetting the baseball prides of the Prince Edward County town in their quest for the Intermed-

And they danged near won it, at that. But a forksider by the name of "Lefty" Goldsmith, the big hooker of the Southampton Fishermen, snarled our boys' lines and gaifed

The baseball "class of "33" was the best team Picton pro-duced since "Pop" Frederick, Earl Croft and their mates brought home the champlonship bacon in 1921 and 22. In fact "Pop" was closely associated with the 1933 club, and still remembered what to do with the ball when a numer streaked for second.

Let's see. There were Peto Cole, long-limbed first baseman; Earl Mighten, Bill Prees, Raymie Hudgin, the late Belly Rarks; the unfergridable "Preeve" NcQuald, who marvelled as the amount of garbare in the Sudbury district when he first saw the giant size heaps near Conision, the lite Merity Denniford, and others.

Not forgetting by any stretch of the imagination, that 'Clown rince' of baseball, the inimitable Ron (The Colonel) Church. or that grand little guy Doris ('Warpy') Phillips, who south-tweed the squad, with an occasional assist by the Rolly-Ros se, to the championship siter.

Jack Yanover skippered the Ficton ship, acted an occ-belary, was hosper of the privy purse, minister in charge of transpectation, superviser of the sider, and on occasions acted as bathoy. Jack did not sparse the horses, the shetch, or his players in that overstelf answer, that save the segment invest-menty four thousand miles before coming to a halt in Gosph for the third and doctling game of the championship perfe-fer the third and doctling game of the championship perfe-

Someday your number might come up. You might win a sweepstake or you might be sued. Quite often you read about someone getting sued for some fantastic amount and oddly enough the Judge gives a verdiet eagainst him even though he was not directly responsible for the accident. You wonder how he made out financially before turning to the sport page.

For example, during the time you are on your holidays a neighbor's child comes over and uses your swing or a delivery man silps on your walk. Obviously you had nothing to do with this accident as you were hundreds of miles away but could be held responsible.

You can take a chance on winning a sweepstake but don't take a chance on getting sued: inquire about the low cost and broad coverage of a Personal Liability Insurance policy. Your number might come up.

Jake a Chance!

Someday your number might come up. You might win a sweepstake or you might be sued. Quite other you read about someone getting sued for some fantastic amount and oddly enough the judge gives a verticet against him even though he was not directly responsible for the accident. You wonder how he made out financially before turning to the sport page.

For example, during the time you are on your holidays a neighbor's child comes over and uses your swing or a delivery man silso on your walk. Obviously you had nothing to do with this accident as you were hundreds of miles away but could be held responsible.

You can take a chance on winning a sweepstake but don't take a chance on getting sued Inquire about the low cost and broad coverage of a Personal Liability Insurance policy. Your number might come up.

Newspapers in Edmonton and Galgary last week were drawing attention to a judgment in the Alberta supreme court a few days earlier which they see as one bound to cause concern to municipal officials all over that province. And of course its effect must extend to all municipalities in

It seems that a hole about three inches deep developed as evems that a noie about three inches deep developed in a cement sidewalk in an outlying part of Calgary. A woman pedestrian stumbled into it and injured her leg-She brought action against the city, and the court awarded her damages of 29 500.

Sibe brought action against the city, and the court awarded her damages of \$2,500. It is a long standing rule of common law, notes the Edmonton Journal, that a municipality is responsible for maintaining the highways within its area in a safe condi-tion and that it is liable for injuries caused to persons or erty through negligence in carrying out this duty it constitutes "negligence" in a particular set of cirstances is for the court to decide.

A case of this kind, as the Calgary Albertan points out,
owns up a wide field of civic liability. There are very leve
where roads and aldewalks are always free of potholes or
other defects. In the spring of the year particularly these
hazards are most in evidence.

The year, anywhere in this
country, it is practically impossible to find streets and
highways in which the rawages of winter and heavy traffichave not left some damage. However well prepared and

When your field work calls for more real pull, live-weight traction will see you through.

The hydraulic TRACTION BOOSTER in the CA and WD Tractors changes deadweight to liveweight, weight of both tractor and implement is automatically shifted to beer down on drive wheels when soil is subborn and tillings it tough.

The hydraulic TRACTION BOOSTER reduces the hydraulic TRACTION and WD to do dram-har jobs that normally would require heavier tractors.

Someday your number might come up. You might win a swepstake or you might be sued. Quite often you read about someone getting sued for some fantastic amount and oddly enough the judge gives a vertice against him even though he was not directly responsible for the accident. You wonder how he made out financially before turning to the sport page.

For example, during the time you are on your holidays a neighbor's child comes over and uses your swing or a delivery man silps on your walk. Obviously you had nothing to do with this accident as you were hundreds of miles away but could be held responsible.

You can take a chance on winning a sweepstake but don't take a chance on getting sued! Inquire about the low cost and broad coverage of a Personal Liability Insurance policy. Your number might come up. The Lorne McDougall Insurance Agencies Limited

Could this be you?

You're working. You have a reasonable income. Your family enjoys comfortable living.

But Your wife is often tired out, The kids make a lot of work, They eat like lumberjacks Your wife cooks for them and you. She seems to live in the kitchen. The kitchen is just a kitchen. You'd like to make things easier for her. You should remodel the kitchen But feel you can't afford it.

Then you haven't heard of Easi-Fab.

They're the newest idea in kitchen cabinets Pre-cut and partially assembled.

They're as modern as today—

Convenient, efficient, streamlined

And you can afford them Because they are low in cost. You'll enjoy installing them yourself, Because the skilled labor part is already dor Your wife will love her kitchen—and you,

So don't put it off.
Come in and see them at Sills' Phone 1584 or write and we'll send a booklet. With Easi-Fab — no kitchen is drab,

Someday your number might come up. You might win a sweepstake or you might be sued. Quite often you read about someone getting sued for some fantastic amount and oddly enough the judge gives a verticet against him even though the was not directly respon-ting the summer of the summer of the summer of tinancially before turning to the sport page.

For example, during the time you are on your holidays a neighbor's child comes over and uses your swing or a delivery man alips on your walk. Obviously you had nothing to do with this accident as you were hundreds of miles away but could be held responsible.

You can take a chance on winning a sweepstake but don't take a chance on getting sued! Inquire about the low cost and broad coverage of a Personal Liability Insurance policy. Your number might come up.

For the few who have had cause' to rejoice in the knowledge that sons or husbands have been found allow who were "missing, presumed dead" in Korea, there are the many who will suffer deep and guawing anguish walfing to know. And it is anguish that can be a sufficient to the sum of the the hands of the Reds.

As in all our dealings with the Communists, even this as in all our dealings with the containing and a simple matter of an exchange of wounded prisoners in a limited theatre of war falls far short of being the straightforward formality such exchanges have been heretofore in modern warfare. What more horrible farce could have been perpetrated than these first exchanges of straggling groups to be counted in the dozens when the missing are officially counted in the thousands? Thousands, that is,

groups to be counted in the dozens when the missing are officially counted in the thousands? Thousands, that is, whose thousands of families had been given an upsurge of mey hope in this promise of repatriation.

How cruelly these hopes were dashed. How the provide the provide of the provid

But this is Communism. We should no longer be sout this is Communism. We should no longer be shocked when we see it. It is the complete negation of our own Christian concept of the equality and dignity of man. It is godless despoism, as old as the history of man, and Communists themselves do not pretend that it is anything else. Why should we?

Pontiae again gives dramatic proof of its ever-growing popularity! The passenger car registra-tions (obtained from sources subscribed to by the industry and considered to be reliable) show more Canadians chose Pontiae in 1952 than any other car produced by a competitive manufacturer. Pontiae casily won second place in the entire industry, with a marked lead.

Back of this latest record-breaking stay of Pont 's constantly mounting popularity are the bard facts of Pontiac's all 'round superiority in heauty, value, performance and consistently advanced engineering features.

Someday your number might come up. You might win a sweepstake or you might be sued. Quite often you read about someone getting sued for some fantastic amount and oddly enough the judge gives a verdict against him even though he was not directly respon-sible for the accident. You wonder how he made out financially before turning to the sport page.

For example, during the time you are on your holidays a neighbots child comes over and uses your swing, or a delivery man alips on your walk. Obviously you had nething to do with this accident as you were hundreds of miles away but could be held responsible.

You can take a chance on winning a sweepstake but don't take a chance on getting sued Inquire about the low cost and broad coverage of a Personal Libellity Insurance policy. Your number might come up.

B-E-L-L-E THEATRE

Dear Patron:

I am taking this means to tell you of a most unusual motion picture "The Miracle of Fatima" which opens at the Belle Theatre . Monday, April 27th.

It is the story of a miracle that happened in our time and is destined to live on for all time.

time and us destined to live on ror all time.

It is the story of a young girls simple shift that was to move millions. Standing on a billide one day 35 years ago, near the little town of Fatims in Portugal, In which she lived, this little girl saw a vision from Heaven—a lady who ngoks to her and told her to pray for a better world, and to come back at regular intervals to the hillside for further messages.

hilliside for ruttner messages. The Inspired love in the girl's heart led her to trouble with the bigoted authorities, as thousands descended on Fatims, to participate in the child's miracle. How events transpire to make what is today one of the greatest shrines in the world, is wonderdully told in this Warmer Bross, picture, filmed in Warmer Child.

I urge you to see this humanly warm, uplifting film and to share and feel yourself its power and glory. I promise it will reach deep inside

Les Italian.

Belleville's "Mr. Bowling" Five-pin (singles) tourna-ment is beginning to show aigns of growing into one of On-tario's most interesting annual events. Entries are startilat to come in from out of town points and many are expected to arrive before the starting sun is fired this coming Friday. Hay Ist., at the Bowl-O-Drome at 8.30 p.m.

Bill Bateman announced today that Joe Dunphy, of King-ston, has officially entered the tourney. Joe recently went all the way to the funial in the All-Oratio Moloso's Fivepin classic held at the Sportamen's Show in Toronto. He was edged set of the Ontario singles honors by Tommy Mallon, of Toronto, who later went on to take the Canadian title at Regina.

As announced previously, all grames will be soored by the new C.B.A, scoring method which officially goes into me next season in both Eastern and Western Canada. While the new scening registen will not affect the competition in this termament, being as fair to one as another, it should add to the fain.

Out of town howlers should advise at once of their inten-tions to enter. This information should be forwarded to the Bowl-O-Drome, Belleville, Ont., attention Mr. Bill Bateman.

Registration forms have been issued to minor baseball learne players in the city, Recreation Director "Red" Derayand and today. Voungiers shadle remember the playing assets in the various categories are: Powere, under 13 years; ban-tian, under 15 years; midget, under 17 years and javenile, under 15 years, all on May let.

Players are requested to bring their completed registration forms in person to the Kiwanis Centre on the following night: bantam, Mooday, May 4th; peewer, Tuesday, May 5th; midget, and juvenile, Wednesday, May 5th. All times are 6.30.

Birth certificates should accompany the registration forms. Mr. Doran has a number of these certificates on file at the City Hall, a list of which has been placed on pub-lic school buildinb boards.

Coaches and umpires are urgently needed by the league and anyone desirous of assisting in these capacities are asked to contact either Mr. Grandame, chairman of the association or

Outstanding tribute to the memory of the late George Baw-den, who passed away here a short time ago, was paid in the Fort William newspaper.

Mr. Bawden, who was a fine athlete in his own right ring his life in this city, rapidly moved to the top in a anagerial capacity after moving to the lakehead.

Max Ray, sports editor in Fort William, wrote the follow which speaks for itself:

"Although perhaps not too well known among the pre-sent generation of athletes due to his rethrement in recent years from an active part in sports activities, George Baw-dur's name was synenymous with Lakehead sports during a period when Fort William and Fort Arthur hockey teams were becoming famous from coast to coast.

He also was a prominent figure in the promotion and de-velopment of baseball and in both games became widely known and admired not only for his activities but as an individual as well.

Others who later became famous as pityers were Adams' two brothers, Bill and Walter, the late Bob Armstrong, Frast Wilson, Will L'Heureux, Albert Pudas, Alex, Gray, Doany Cox and the late Frank Hacquoli, to recell a few. These, and scores of others were intimately acquainted with George Bawden.

He was manager of one of Fort William's most famous senior hockey clubs, the original Thundering Herd that swep into the Alian Cup finals where they lost to Toronto Vaz sity Grads in the spring of 1927 at Vancouver after a mem orable playoff series.

Charlie Sands, word of whose death was received the orday, was another player to gain NHL fame while George a was active in Fort William hockey circles.

Living in Fort William and working in Port Arthur, George adopted a similar role in his sports connections. In the summer he managed the Pascol baseball team from the Port Arthur Shipbuilding Company where he was employed. The dual role that George adopted in sports was at a time when intercity rivalry was at its bitterest and the uni-versal popularity and respect which he achieved in such a callien is a tribute to his kindly nature and good sports-nambly.

The same traits were displayed by George in private life where he endcared himself to a multitude of friends and acquaintances by countless acts of open-hearted generosity.

The names are legion of people who George Bawden be-felended and helped in times of need and his passing has left a deep feeling of sedness in all walks of life at the lakehead."

DO YOU **ENJOY WEEKENDS?**

Most of us think of week-ends as a time for rest and pleasure. It's a time for going to church, watching television, picnics, shooting a few rounds of golf or just visiting with friends but it's also a time for climactic vioience on the roads. More than forty percent of deaths and thirty percent of injuries were recorded on Saturdays and Sundays.

There is no better protection against finan-cial loss due to accidents than insurance and we welcome your inquiries about coverages and rates. At our office we have the experience and the facilities to look after your insurance needs and you will be given prompt service when and if YOU have an accident.

Where does the money go?

1952 income went:

At times most of us have looked at purse, wallet or bank-book, and wondered: "Where does the money go?" Each year we at Imperial add up the company's bills to see what happened to the money we received in the previous 12 months for the gasoline, fuel oil and other products we sell. Here's where each dollar of Imperial's

CRUDE OIL and other raw materials we bought, plus freight, took more than half of each dollar.

OPERATING expenses took more than 28 cents This was the cost of searching for and producing crude oil, and of manufacturing and marketing the hundreds of products we supplied for thousands of uses. Throughout the year high quality products were made available where and when you needed them.

TAXES to provincial and federal governments took 10 cents. And this did not include gasoline tax, which— depending on where you live—took from 24 to 36 cents out of every dollar you spent for standard grade

DIVIDENDS paid to shareholders for use of plants and equipment amounted to 4.06 cents.

TO REPLACE worn out equipment and to make sure that we can supply your needs in the future 3.42 cents was put back into the business.

"LOOK AT THE ADVANTAGES"

Army service is a sound career in every way for men who want a job that's different. It's a career with many opportunities . . . for promotion, travel -- at home and overseas—specialized training, education. But you must be able to meet the challenges. et the challenges and adventures of military life, You're well paid and well looked after . . . excellent medical and dental care, thirty days annual leave with pay and outstanding pension plans.

"YOU'RE ON A TEAM"

As a gunner of the Royal Canadian Artillery you will serve with skilled fighting men. You're trained as a member of a gun crew where teamwork and split-second timing count. You'll share adventures and experiences with men from every part of Canada. You, your comrades, your crew mates and other soldiers expert with guns, or fire control instruments or mechanized transport, form a powerful team. When you become a gunner you'll learn how proud a man can be of his place in the Royal Canadian Artillery. "AN ARMY CAREER FOR YOU"

Peace and freedom must be guarded. Now is the time to serve. You are eligible if you are 17 to 40 years of age and able to meet Army test requirements. When applying bring birth certificate or other proof of age.

It seems Master Tommy Collins, who trampolined in slew lime to the rhythmic punches of Jimmy Carter in that "Waltsing Matilda" rior episode the other night, was not the lirst fighter to hold a somanabulistic session while in the process of trying to knock the slats from under the oppo-

Collins, who had more ups and downs than a hotel elevator boy during a convention, once walked to Carter's corner. At far as he was concerned he could have been in Kalamazoo, Ak-lavik, the Gold Coast, or Slashed Rib, Arizona.

Take Tommy Londran, former light heavyweight cham-plen of the world. On not a few occasions, Tommy was within's and Slinkin,'s and fighting in the Land of Nod. The strangest of these subcouncious happenings occurred when he successfully defended his title against Lee Lomaki in Ma-dison Squart Garden in 1923.

Loughran had fought Jimmy Slattery in what was regarded epic of scientific boxing between two big men. Each was upletely exhausted at the end of the fight when Tommy was slared the winner.

The experts say he was still in a partial mental date from the effects of this battle when he took on Lomaki. Lee at this time was better than a stolen crown jewe), having dis-posed of Jock Majone, Tiger Flowers, Maxie Rosenbloom and Bert Colima.

Lomski hit Loughran a terrific blow to the head in the first round that buckled his knees but he managed to survive. At the end of the seventh he shook his head several times had not "flow did I do in that round? He certainly hurt me with that

"What punch?" asked his manager. "Why he barely laid a glove on you. You took the seventh easier than any of the

"The seventh?" gasped Loughran. "I thought it was the first."

He had boxed six rounds by instinct.

On another occasion Loughran was matched with Jack Shar-ler, who had wreaked have among the light heavyweight ranks. He knocked out Jack Delaney, Mike McTigue and Young Stribling before signing to meet Loughran. At that time each was an outstanding challenger for the heavyweight title was an outstanding

Sharkey, quick to sense his advantage, plowed into Lough-ran and in the third smashed a murderous right to Loughran's temple. Tommy staggered and took a terrille right to the head that felled him like a pole-axed steer. But he staggered to his feet before the fateful "ten."

Then it happened. Loughran had the crowd of 25,000 gasping as he deliberately turned his back on Sharker and walled away. Sharker rushed in for the "kill" but Referee Loughagenoils grabbed him and stopped the fight.

Absolutely oblivious to everything going on around him.
Loupirum continued his siroll around the ring. He stopped
occasionally and asked sportswriters at ringside to lean him
a chair. He made the same request of the referee. His
handlers rushed in and took him to the dressing room.

After the fight Loughran said he could not remember any-thing after the knockdown until he was on his way to the dress-ing room. He did not regain his full faculties until two days

Some writers accused Loughran of belog a "quitter", But he made them swallow their words later when he thorouthly trounced Sharkey in a 15-rounder in Philadelphia. And "quitters" in those days didn't firth Harry Greb six times, Delaner, Mickey Walker, McTigue, George Carpeniter, Young Stirbling, Stattery and Jimmy Braddock.

Loughten finally got his chance at the heavyweight title when he met the "Ambling Alp" from littly, "Da Preem" Carner, as Miami, on March in 1,18. He spotted "Gle Stathsfoot" 80 pounds, but that handless and he fact "Da Preem", the men of the state of the state "Da Preem", the state of the

DO YOU ENJOY WEEKENDS?

Most of us think of week-ends as a time fo rest and pleasure. It's a time for going to church, watching television, picnics, shooting a few rounds of golf or just visiting with friends but it's also a time for climactic vio-lence on the roads. More than forty percent of deaths and thirty percent of injuries were recorded on Saturdays and Sundays.

There is no better protection against finan-cial loss due to accidents than insurance and we welcome your inquiries about coverages and rates. At our office we have the experiand rates. At our time we have the cape-ence and the facilities to look after your in-surance needs and you will be given prompt service when and if YOU have an accident.

ENJOY WEEKENDS?

Most of us think of week-ends as a time for rest and pleasure. It's a time for going to church, watching television, picnics, shooting a few rounds of golf or just visiting with

friends but it's also a time for climactic vio-lence on the roads. More than forty percent

of deaths and thirty percent of injuries were recorded on Saturdays and Sundays.

There is no better protection against financial loss due to accidents than insurance and

we welcome your inquiries about coverages and rates. At our office we have the experi-ence and the facilities to look after your in-

surance needs and you will be given prompt service when and if YOU have an accident.

The Stanley pewferware has been the main pro prize since 1911-12 when the trustess of the trophy did not know what to do with it as the amateurs were concentrating on the Allan Cup and did not show any concern over Lord Stanley's bas-ble. After considerable debate the trustees finally yielded it to the professionals.

The Pacific Coast League, Western Canada League and National Hockey League formerly played intersectional ses for the trophy and the title of world champions.

City and district hockey fans will get their first close-view of the Stanley silverware here on May 7-8-9th, when will be placed, on display in the Bata Shoe Company's ndsome new store on Front Street.
